The diagram shows a horizontal line with a point P marked on it. A line segment connects P to a point on a lower horizontal line. A dashed line extends from P upwards and to the left, intersecting the horizontal line at a point Q . A dashed line also extends from P downwards and to the right, intersecting the lower horizontal line at a point R . The diagram illustrates the concept of a transversal line and the resulting corresponding angles.

EXAMINER		DATE CONSIDERED	7/14/06
----------	---	-----------------	---------

EXAMINER: Initial if citation considered, whether or not citation is in conformance with MPEP § 609; Draw line through citation if not in conformance and not considered. Include copy of this form with next communication to the applicant.
